Pattern

CO 8 sts. Divide the sts over 4 DPNs or use the magic loop method on the circular needle. Join in the rnd. Work increases on every other rnd = 8 increases per rnd.

All YOs are worked through the back loop to twist.

1. *k1, YO * repeat *-* to the end of the rnd.
2. k all sts
3. *k2, YO * repeat *-* to the end of the rnd.
4. k all sts
5. *k3, YO * repeat *-* to the end of the rnd.
6. k all sts

Continue increasing in this manner 8 (9) 10 times = 72 (80) 88 sts.

Work increases every 3rd row 2 times = 88 (96) 104 sts.

Continue working in the rnd evenly until the piece measures 4 (4 $\frac{3}{4}$) 5 $\frac{1}{2}$ in / 10 (12) 14 cm from the middle of the work.

Next Rnd:

Size 6-9 months: decrease 4 sts evenly = 84 sts

Size 12 months: k all sts = 96 sts

Size 18-24 months: increase 4 sts evenly = 108 sts

Bind off

Girl Brim

Pick up sts from the RS along the bind off edge.

1. Knit the first rnd through the back loop (tbl) to twist the sts, so the pick up sts don't have holes.
2. YO after every 7 (8) 9 sts = 12 sts increased.
3. k all sts, working tbl of the YOs.
4. YO after every 8 (9) 10 sts = 12 sts increased..
5. k all sts, working tbl of the YOs.

Continue increasing on every other row until the brim measures 1 $\frac{1}{2}$ (1 $\frac{1}{2}$) 2 in. / 4 (4) 5 cm. Bind off, but do not cut the yarn.

Change to the 2.5mm crochet hook. Start by working 1 rnd of sl st to finish the bind off row nicely.

Plastic Wire

Work 1 rnd of sc over the plastic wire so that it is attached to the work. End with a sl st.

Note: Trim the wire so that it fits the brim and can be taped together so that it overlaps.

Picot edge

Work 1 rnd of picot edge pattern *ch 3, sc in the first ch, skip 2/3 sts, sc* repeat to the end of the rnd. End with a sl st.

Weave in the ends.
