Divide your work into sleeves and body

You should have 126 (133) 141 stitches for resp. back and front pieces.

Body

Cast on 8 (9) 10 stitches under each sleeve = 268 (284) 302 stitches.

These new stitches are knitted in garter stitch.

Continue in pattern 1.6 inches (4 cm) straight up. Place a marker under each sleeve = side seams and the beginning of the round.

Start increasing in the stripe with ridges to make the A-shape

Increase in each side of the garter stitch knitted piece in the side seams. Increase on a knit stitch round.

Knit until you reach the garter stitch knitted stripe in the side seams, pick up the strand between stitches and knit it through the back loop, knit the piece with ridges, pick up the strand between stitches and knit it through the back loop, repeat from *to* in the other side seam = 4 increases.

Increase every 1.2 inches (3rd cm) until the work measures 26.4 (26.8) 27.2 (67 (68) 69 cm) from the cast-on-edge.

Edge

Knit 6 rounds of garter stitch over each stitch.

Cast off knitwise.

Knit 1.6 inches (4 cm) straight up in pattern.

Decrease in both sides until you have 62 (66) 68 stitches. Knit straight up until the sleeve measures approx. 14.6 inches (37 cm) or until you reach the desired length.

Cast off knitwise.

Knit one more sleeve like this.
