Tip!

Because we all crochet differently, some looser, some tighter, you may need to work a few extra rounds at the end if your work does not cover the pots completely. You can also adjust the number of rounds at the base so that it fits your pot :-)

Finishing

Start by embroidering an X in the middle for the mouth. By starting with the mouth, it will be easier to see where the eyes should be placed. Embroider eye lashes with a needle and Rainbow Cotton 8/4 in Black. See the photo below for guidance. Attach the cheeks by sewing them securely in place.
