Felting:

The hat is felted in the washing machine on 40 degrees (C°). You can also add a ball or an old towel in the washing machine. Add soap as normal and choose a normal washing program, NOT a fast or short program.

If the hat isn't felted enough, you can give it one more wash in the machine on 40 degrees. Shape/stretch the hat while wet.

Please note: the felting result may vary depending on the machine and program.
