Crochet with two threads

Soft Bamboo "fine"

- a Bamboo yarn out of the ordinary

The yarn contains as much as 70% of bamboo, which adds an amazing softness and a special lightness to the yarn. Comfortable against the skin, so indeed a very child friendly product. The texture is silky with a beautiful drape.

Bambus and environment - Bamboo is the fastest growing plant in the world and thus a great source of sustainable production. Bamboo releases more oxygen than any other plant and is grown without the use of pesticides. 23% cotton and 7% acrylic add a good shape retention to the yarn. Machine washable.

70% Bamboo/23% Cotton/7% Acrylic,
50 g/180 m.

Good to know

Hook Size + Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us.

The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.
