

# Volga - Gloves

No. 2004-204-4462

## Materials

2 balls of BabyWool, color 23

Double pointed needles 2.5 mm and 3 mm  
(approx. US 2 and US 3)  
Stitch markers

## Yarn properties

 **BabyWool**, Happy Sheep  
100 % wool / 1.7 oz (50 g) = 180 yds (165 m)

## Gauge

25 sts x 30 rows = 4" (10 cm)  
with needle 3 mm (approx. US 3)

## Buy the yarn here

<http://shop.hobbii.com/volga-gloves>

## Size

S (M, L)

## Finished size

Girth: approx. 6.3" (7.1", 7.9"). The gloves will stretch in the width.

Length (from the bottom to the tip of the middle finger): approx. 9.8" (10.2", 10.6")

## About the pattern

The gloves are knit bottom up from the cuff. The fingers are knit separately. The thumb is knit last.

Happy knitting!

## Pattern

### Cuff

Loosely co 40 (44) 48) sts on needle 3 mm (approx. US 3). Change to needle 2.5 mm (approx. US 2) and knit in the round.  
Knit 2.4" of ribbing like this: k2, p2

### Left glove

Change to needle 3 mm (approx. US 3) and knit st st. On the first rnd, inc with 0 (1, 2) sts = 40 (45, 50) sts.  
Work straight for 1.0".

#### Increasing for the thumb

Place a stitch marker at the beg. of the rnd.

**Rnd 1:** k1, yo, k until 1 st remains before the marker, yo, k1 = 2 incs.

**Rnd 2:** k throughout the rnd. The incs are k tbl = 2 incs = 42 (47, 52) sts.

**Rnd 3:** k2, yo, k until 2 sts remain before the marker, yo, k2 = 2 incs.

**Rnd 4:** k throughout the rnd. The incs are k tbl = 2 incs = 44 (49, 54) sts.

**Rnd 5:** k3, yo, k until 3 sts remain before the marker, yo, k3 = 2 incs.

**Rnd 6:** k throughout the rnd. The incs are k tbl = 2 incs = 46 (51, 56) sts.

Continue like this, i.e. with one inc on each side of the marker, until 54 (61, 68) sts.  
End the rnd 8 (9, 10) sts before the beg of the rnd.

Put the 16 (18, 20) sts for the thumb on hold (on a strand of yarn), co 2 new sts and k throughout the rnd = 40 (45, 50) sts on the rnd.

Work straight until the work measures approx. 1.6" from the thumb sts on hold. End at the beg of the rnd = above the middle of the thumb sts.

#### Index finger

Place 6 (7, 8) sts from the left side of the marker and 7 (8, 9) sts from the right side on double pointed needles = 13 (15, 17) sts.

Put the remaining sts on hold (on a strand of yarn).

Co 4 new sts on the inside of the finger = 17 (19, 21) sts.

Work straight until the finger measures approx. 2.4"-2.6".

**Decreasing for the fingertip:** k2tog until 4 sts remain. Cut off the yarn, pull it through the sts, tighten it and weave in the end.

#### Middle finger

Place 4 (5, 5) sts from the left side of the marker and 4 (5, 6) sts from the right side on double pointed needles = 8 (10, 11) sts.

(The remaining sts stay on the strand of yarn.)

Pick up 4 new sts from the index finger and co 4 new sts on the outside = 16 (18, 19) sts.

Work straight until the finger measures approx. 2.6"-3.1".

**Decreasing for the fingertip:** k2tog until 4 sts remain. Cut off the yarn, pull it through the sts, tighten it and weave in the end.

### **Ring finger**

Place 4 (4, 5) sts from the left side of the marker and 4 (5, 5) sts from the right side on double pointed needles = 8 (9, 10) sts.

(The remaining sts stay on the strand of yarn.)

Pick up 4 new sts from the middle finger and co 4 new sts on the outside = 16 (17, 18) sts. Work straight until the finger measures approx. 2.4"-2.6".

**Decreasing for the fingertip:** k2tog until 4 sts remain. Cut off the yarn, pull it through the sts, tighten it and weave in the end.

### **Little finger**

Place the remaining 11 (11, 12) sts on double pointed needles. Pick up 4 new sts from the ring finger = 15 (15, 16) sts.

Work straight until the finger measures approx. 1.6"-2.0".

**Decreasing for the fingertip:** k2tog until 4 sts remain. Cut off the yarn, pull it through the sts, tighten it and weave in the end.

### **Thumb** 16 (18, 20) sts on hold

Place the 16 (18, 20) sts on double pointed needles 3 mm (approx. US 3) and pick up 2 sts on the glove = 18 (20, 22) sts.

Knit st st until the thumb measures approx. 2.0" (2.2", 2.4").

**Decreasing for the thumb tip:** k2tog until 6 sts remain. Cut off the yarn, pull it through the sts, tighten it and weave in the end.

## **Right glove**

On the right glove, the sts are reversed like this:

**Index finger:** Place 7 (8, 9) sts from the left side of the marker and 6 (7, 8) sts from the right side on double pointed needles = 13 (15, 17) sts.

**Middle finger:** Place 4 (5, 6) sts from the left side of the marker and 4 (5, 5) sts from the right side on double pointed needles = 8 (10, 11) sts.

**Ring finger:** Place 4 (5, 5) sts from the left side of the marker and 4 (4, 5) sts from the right side on double pointed needles = 8 (9, 10) sts.

**Little finger:** Place the remaining 11 (11, 12) sts on double pointed needles.
