*Add Filling into the head.*

*Cut the yarn and pull through the stitches, tighten and sew the head together.*

#### **Shape the head and the eye hollows:**

*With Bohème Velvet "fine", thread a needle with approx. 25 cm yarn.*

*Put the needle in from under the chin and out at the side of the eye.*

*Guide the thread around some stitches by the eye and then back out under the chin. Tighten the yarn to form the hollow around the eye, tighten the yarn through a few stitches under the chin.*

*Repeat for the other side of the same eye.*

*The hollow for the eye is now completed. Should you want the hollow deeper the process can be repeated and a stitch added towards the top of the eye.*

*Remember to always keep the yarn tight when the needle is pulled out under the chin, during the sewing to keep the tension and for the hollow to become permanent.*

*Repeat the process for the other eye.*

*See illustration.*

*Embroider nose and eyebrows as shown in the pictures.*

# Good to know

## Hook Size & Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us. The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.
