Pattern information

The shawl is knit from the middle of the neck down towards the tip. The shawl is knit on a circular needle because of the cast-ons and the many stitches at the end. There are increases on each side and in the middle.

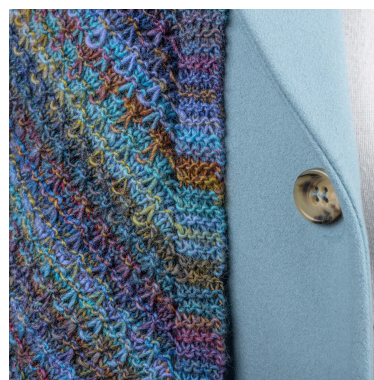

NB The shawl weighs 200 grams (7 oz), so, if you want a bigger shawl, you need to buy more yarn.

Pattern instructions

Shawl-cast-on

Cast on 5 sts on the circular needle and work 11 rows of garter stitch = 5 grooves.
Pick up 5 sts along the left side = 10 sts. Pick up 5 sts along the next side = 15 sts.

NB There is always worked 5 sts of garter at each side as edge and 3 sts garter stitch in the middle, between increases.

The pattern stretches across 4 rows, the number of stitches is increased, and the “long” stitches are staggered.

The pattern is staggered in the pattern instructions because the increases at the edges and the middle displaces it.

The yarn behind the loose sts should be placed on the wrong side.

The loose stitches are staggered on every 2nd groove.

Place a marker at each increase.
