INSTRUCTIONS

How to color change

1. In your last sc of orange, yarn over and pull through

2. Add your new color

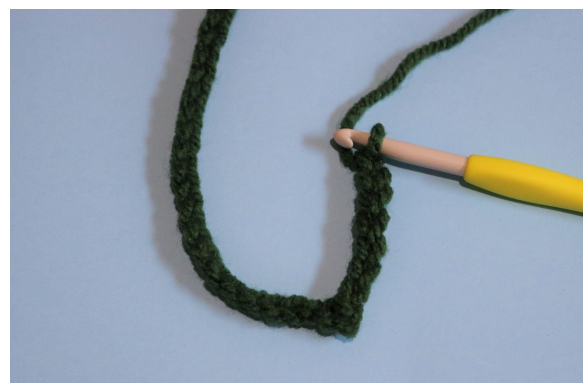

3. Pull the yarn through and continue crocheting in the new color

Round 77 Leaf A.)

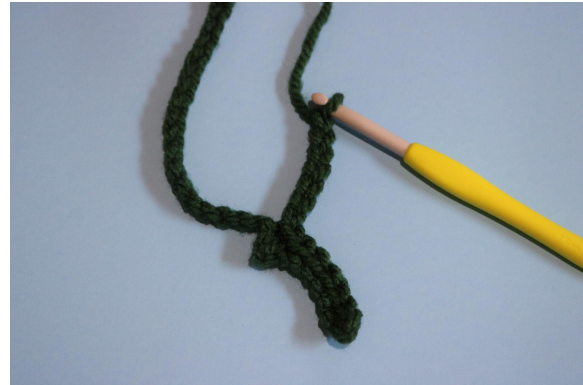

1. Leaf A.) Flo sc 1, ch 40

2. In the second ch from the hook, sl st and ch 7

3. starting from the second ch from the hook sl st 6

4. Sl st in the next ch, ch 7, starting from the second ch from the hook sl st 6

5. repeat step #8 18 more times (total of 19 leaves) and sl st in the remaining 20 chs

6. Sl st flo in the next stitch, (then start leaf B)

Round 79, The last leaf

1. In the first stitch, flo sc 1, ch 40, in the second ch from the hook * sl st and ch 7, starting from the second ch from the hook sl st 6* Repeat * to * 19 times, sl st in the remaining chs,

2. Leave a 16 inch tail and thread it through a needle. Insert your needle in the blo directly across from the stitch marker, this will bring the last leaf to the center of the leaf cluster.

3. This is what it should look like when you pull on the tail

4. Insert your needle 2 stitches over

5. Insert your needle through the bottom of the last leaf and into the stitch directly behind it, this will keep the leaf centered

6. Continue sewing around into the blo stitches to close up any gaps, exit out the side and weave in the end. Tada!
