

KNITTING PATTERN

Hulderstry

Sweater

Design: Faunaknit x Rise Moe Design | Hobbii Design

MATERIALS

1 (2) 2 skein(s) of Woolpower color 16
1 (1) 1 skein of Woolpower color 21
1 (2) 2 skein(s) of Woolpower color 22
6 (6) 6 skeins of Woolpower color 30

Circular needles 5,5/6 mm, 80 cm
Circular needles 5/6 mm, 40 cm
Double pointed needles 5 mm

Stitch markers

YARN QUALITY

 **Woolpower**, Happy Sheep
100 % wool
100 g = 160 m

GAUGE

16 sts x 16 rows = 10 x10 cm

ABBREVIATIONS

st = stitch
k = knit
p = purl
YO = yarn over
k2tog = knit 2 together

SIZES

M (L) XL

MEASUREMENTS

Full length: approx. 85 (90) 104 cm
Circumference: 90 (105) 120 cm
Sleeve length: approx. 48,5 (52) 55 cm

PATTERN INFORMATION

Hulderstry was inspired by hulderstry lichen that lives on old coniferous trees in primeval forests. This design is a play with colors, so feel free to choose your favorite colors!

Pattern

INFO AND TIPS

One important tip is to pay attention to the gauge when knitting. This will determine whether the sweater will be small, large or just right.

Measure the sleeves and full length on the person who will be wearing the finished garment. Both sleeves and full length can easily be made longer /shorter on top and bottom of the sweater where it says "or desired length " in the text.

Feel free to knit a gauge swatch to check which needles should be used to achieve the correct knitting gauge for the pattern. It is recommended not to twist the threads on the back, except in extra long stretches.

Body

Cast on 145 (169) 193 sts with the base color on needles 5,5 / 6, 80 cm. Place a marker at the beginning of the round, and between st 72/73 (84/85) 96/97. Remember to slip the markers as you go. Knit in rib (k2 / p2) for approx. 7 cm. Knit 2 rounds. Do **repeat A** (or stockinette stitch without dots) until the work measures approx. 13 (18) 23 cm.

Knit **repeat B** in its entirety (applies to all sizes). Knit round 56 in repeat B and bind off 9 sts on each side of the markers in the sides. This will be in the middle under the arm. Your work now measures approx. 48 (53) 58 cm.

Sleeves

Cast on 36 (40) 44 sts in the base color on double pointed needles 5 mm, knit rib (k2/ p2) for approx. 5 cm. Place a marker at the beginning of the round, and remember to slip it up the work as you go.

Then knit 2 rounds before working twined knitting/Latvian braid over 4 rounds.

Twined knitting/Latvian braid

Knit 1 round with every second st in base color/pattern color. Then knit 1 round with every other st in base color and pattern color (use the same order as for the previous round) with p st where the pattern color/base color is twined in front of each other while the threads cross in front of the work until the end of the round. Now knit 1 round with every other st in base color/pattern color with p st where the pattern color/base is twined behind each other while the threads cross in front of the work until the end of the round. Knit 1 round in the base color.

Then knit another round in the base color, while increasing 18 (16) 14 sts. The increase is done by picking up st in the base color st from the previous round, or by YO. Knit 1 round

Switch to circular needles 5,5 / 6, 40 cm and knit 1 more round while increasing 18 (16) 14 sts = in total 72 sts. Continue with base color and dots/**repeat A** (or without dots) for approx. 7 (7) 10 cm or desired length.

Work **repeat B**. *Notice that rounds 7 – 12 are not to be knitted in size M !*

At round 56, bind off 9 sts on each side of the marker in the middle under the arm. The sleeve should now measure approx. 48,5 (52) 55,5 cm.

Knit one more sleeve.

Yoke

Read the entire section before continuing knitting. Insert the sleeves onto the needle together with the body to in total 216 (240) 264 sts. Mark each joining between body and sleeves (front and back: 4 marks in total). The start/end of the round is now on the left shoulder at the back. Knit 1 round in the base color while decreasing 12 (19) 24 sts evenly spaced. The number of stitches is now: 204 (221) 240 sts.

Raglan

Continue in stockinette stitch and start making dots/**Repeat A** (or without dots) while starting with raglan. Knit for approx. 19,5 (20,5) 22 cm, while decreasing 1 st on each side of the markers. This will be the raglan which is knitted as follows:

Knit 2 sts together, and k1 before the mark. On the other side of the mark, k1 and k2tog, and k1 before the mark. On the other side of the mark, k1 and k2tog. Notice that you should knit 1 round between every decreasing round.

In the raglan/ decrease you knit every other k sts with pattern color on rounds with dots (see photo).

After the raglan the repeat starts on column 1 as far as possible. When dots are knitted up the yoke, the dots are knitted so that the round with dots fits with the rounds with dots that have already been knitted.

After approx. 19,5 (20,5) 22 cm (measured from the pattern upwards) with raglan (with/without dots), the number of stitches are 79 (90) 100 sts. Knit 1 round while decreasing 7 (14) 24 sts. Along the way, it may be necessary to change to a shorter circular needle/40 cm when the work approaches the neck.

Neck

Count the sts before knitting further. The number of sts should be 72 (76) 76 before knitting the neck. Switch to circular needles 40 cm if this has not already been done.

Low or high neck:

Before the rib/neck is knitted, twined knitting/Latvian braid should be worked over 4 rounds.

For a low neck, work in rib (k2/p2) for approx. 10 cm, before binding off to fold down on the wrong side and sew or knit the edge to the inside of the neck.

For a long neck, work in rib for approx. 20-30 cm before binding off. The neck can be sewn/knitted to the wrong side (double neck) or folded on the outside.

Fasten ends. Wet the work carefully, press/block according to the garment's measurements (see introduction) and lay flat to dry.

Have a good trip in the new Hulderstry sweater!
