ELASTIC (Optional)

Cut two 16" (40 cm) pieces and one piece 10" (25 cm) less than your bust.

Thread the 16" (40 cm) elastic through your yarn needle and weave the elastic through the first leg of each stitch on the inside bottom edge of your sleeve. Tug the elastic until the ends are scrunched to your liking, I suggest a rounded look. Tie off the elastic and trim the excess. Repeat for the other sleeve.

Using the longer piece, follow the same technique for the bottom edge of your sweater. Tie off the elastic and trim the excess.

Enjoy!
