

KNITTING PATTERN

Dijon

Cowl

Design: Libère tes mailles | Hobbii Design

MATERIALS

Friends Extra Fine Merino

1 skein of color Mustard (28)

1 skein of color Maroon (49)

Circular needle or DPN 3.5mm (US 4)

Stitch markers

YARN QUALITY

 **Friends Extra Fine Merino**, Friends

100 % Wool

50 g (1.75 oz) = 165 m (180 yds)

GAUGE

Work in brioche st in round

22 sts x 68 rounds = 10 cm x 10 cm (4' x 4')

ABBREVIATIONS

st(s) = stitch(es)

k = knit

p = Purl

yo = yarn over

sl1pw = slip stitch purlwise

brk = brioche knit

brp = brioche purl

SIZE

One size

MEASUREMENTS

Circumference: 18,9" / 48 cm

Height: 5,9" / 15 cm

PATTERN INFORMATION

Dijon is a reversible cowl, soft and cosy. Each side has a different main color, choose the one you want and wear it according to your mood or your outfit of the day. The pattern and the wool of the yarn is the perfect combination to keep you warm on winter days.

It is worked in round, in a two colors brioche stitch.

This pattern includes photos, links for videos and a lot of tips to teach you brioche stitch.

Pattern

INFO AND TIPS

You will work in brioche stitch with two colors in round, always on the same side. Brioche stitch is made with a repeat of two rounds, one with color A and one with color B. This pattern has a particularity. During round 1 you will work every other stitch and during round 2 you will work the stitch that you left unworked before. So you worked two rounds but it's like you worked one.

This pattern is reversible so the main color will be different on each side! You can wear the cowl in different ways according to your outfit.

The pattern is one size, but you can cast on the same amount of stitches for a kid size and just adapt the height as you want.

If you want to alter to circumference, cast on an even number of stitches (+1 to join in round).

In this pattern you can find some links for videos, some pictures and a lot of tips to help you if it's your first experience with brioche stitch. I know that brioche stitch can be scary but it's really easy, there are just some little things to pay attention to in the beginning but all will be fine!

TUTORIAL VIDEOS

Brioche stitch is very stretchy so you must use stretchy cast on and bind off methods. You can find below some videos to help you but you can use different methods if you prefer.

Estonian cast on method: https://www.instagram.com/p/Cs_2yB4M-jh/

Bind off loosely: <https://www.instagram.com/p/CtGj2GzO4En/>

COWL

With **color A**. Cast on 101 sts with the Estonian cast on method or your favorite cast on stretchy method.

If you work with DPNs: divide the sts to have an even number of sts on each needle except on the last one (which has the extra st for join in round). (For 4 needles 26 - 26 - 24 - 25)

If you work with magic loop method: divide the sts to have half sts on each side of the needle. The first part has 50 sts and the second part has 51 sts (the extra st for join in round).

Now you must join in round. Be careful to not twist the sts. Place the last st that you casted on, on your left needle and pass the second stitch of your left needle over the first st.

You now have 100 sts on your needles.

Place a marker at the beginning and the middle of the round if you are knitting with the magic loop method.

You must have an even number of sts on each needle or my advices for changing needle during a round will be incorrect.

Set-up round 1:

With color A, k1 and place yarn in front of the work

Slip 1 purlwise (= sl1pw)

Place yarn above the right needle like this. (= yo)

Knit the next stitch.

A double stitch was created, it's the yo above the st slipped. Repeat *k1, place the yarn in front of the work, sl1pw, yo* around.

When knitting the first st after changing the needle. The yarn goes above the last needle used (or cable for magic loop). Be careful to not twist the sts.

At the end of the round, you will finish with: place the yarn in front of the work, sl1pw. Leave the yarn and continue with the next round.

Set-up round 2:

Take color B. Be careful to work on the right side. Place the end of the thread on the back of the work and block it with your right hand. Place the yarn in front of the work.

Place the yarn around the needle (= yo)

Purl the yo and the next st together like one st (= brp)

Like this

*Sl1pw with yarn in front.

Yo.

Brp*

Like this. Repeat from * to * around.

Before changing the needle, be careful, the last stitch is a double stitch, check that you

didn't lose the yo from the previous round.

After changing the needle, be careful to not twist the sts and work on right side. The yarn goes below the last needle used (or cable for magic loop).

The last st of the round is a brp, so place the yarn color A that you left on previous round above the needle to have the double st and brp.

Like this. Leave the yarn color B in front of the work and the yarn color A in the back of the work.

For next round, before continuing, place the end of color B above the first st to have your double st. The first stitch is color A and the yo above is color B. You can make a little knot with the two ends.

Round 3:

This round is work with color A. The yarn goes around the last st from the previous round above the yarn color B.

*Knit the yo and the next st together like one st. (= brk)

Place the yarn in front of work.

Sl1pw.

Yo*.

Repeat from * to * around.

During the round, after changing the needle, check that the yarn goes above the last needle used (or cable for magic loop).

At the end of the round, you finish with: place yarn in front, sl1pw. Leave the yarn here and continue with the next round. You place the yo at the end of the next round.

Round 4:

This round is work with color B. The yarn goes under the needle. Do not cross the yarn A and B.

With yarn color B in front of the work. *Sl1pw

Yo around needle,

Purl the yo and the next st

Like this.

Repeat from * to * around.

together like one st (= brp)*

Before changing the needle be careful. The last stitch is a double stitch, check that you didn't lose the yo color A from the previous round.

After changing the needle, the yarn goes below the last needle used (or cable for magic loop).

At the end of the round you will have this. The yarn A in front of the work and a stitch color B.

The last st of the round is a brp so place the yarn color A above the needle to have the double st for the brp and block the yarn with your right hand.

Work your brp. Place the yarns like this. Leave color B on the right in front of work and color A on the left, in the back of the work to be ready for the next round.

Untwist the threads when necessary, to work comfortably.

You now have all the tips to make a beautiful cowl. All my tips about changing needles during a round are true **only** if you have an even number of sts on each needle.

Round 3: With yarn color A, *brk, place yarn in front, sl1pw, yo*. Repeat from * to * around.

Round 4: With yarn color B in front of the work. *sl1pw, yo, brp*. Repeat from * to * around.

Repeat rounds 3 and 4 until your work measures 5,9" (15 cm) or your desired length. I work a total of 110 rounds. The last round is work with color B.

Cast off your stitches loosely with color A. You can find a link to a video for the method I used in "info and tips".

Bravo! You did it! Your cowl is ready to be worn.

Dare and release your stitches!

I'll be really happy to see your work. If you use Instagram don't hesitate to tag me @libere.tes.mailles or use hashtags #liberetesmailles #hobbiidijon Thank you!!

Enjoy!

Alexandra, Libère tes mailles
