PATTERN INFORMATION

Arezzo Cardigan is knitted from the bottom-up where the body is worked flat, with two strands of Friends Kid Silk and two strands of Friends Wool.

The sleeves are knitted flat too separately and to be sewn together, with the same strands of yarn. Perfect for intermediate knitters.

If you are in between two sizes, I recommend choosing the bigger one if you would like a more oversized fit or choosing the smaller one for a more fitted look.

Please refer to the size information with the widths and lengths noted to double check the measurements will be to your liking.

INFO AND TIPS

Follow the instructions for the size fitting your chest circumference; keep in mind the first number refers to size 1, the second to size 2 and so forth.

When there is only one number given, it means it applies to all sizes. When there is a "0" on your size, it means that instruction doesn't apply to your size.

A comma separates each size indication. A dash separates instructions for the same size. The word '*indications* - repeat **' means you have to repeat indications between asterisks across the row, if not differently subsequent specifications.

I recommend circling the number in the pattern which corresponds to the size you are making before starting to knit to prevent any confusion.

Remember a knitted garment will never be exactly the same as another. Each one is unique. It's absolutely normal measurements will be a little bit different from the ones indicated in the pattern.

When the type of needle is not specified, knit with the 12 mm / US17 needles or needles used to obtain gauge.

Remember that if you change the number of needles or stitches to match the measurements specified in the pattern or to achieve a different fit, you will need to recalculate and adjust the other pattern instructions accordingly. If you don't feel confident in performing this calculation due to your level of experience, I advise you to avoid making such modifications.
