## **FINISHING UP**

Sew the back edge of the pudding and stuff as you go along.  
Place the icing on the top keeping in mind which bit of the icing you want in the front by having the pudding seam at the back.

Fix the icing in place by sewing it all along the edges on the pudding.

Thread through all around the edge of the berries and pull them in a ball, stuff them very lightly and fix them to the pudding.

Add the two leaves at the back but leave a small space between the berries and the leaves for the loop.

Fold the loop and fix it at the top of the pudding right in the middle.

Weave in all ends

**Enjoy!**
