INFO AND TIPS

I made two sets of these trees: a pink one and a blue one.

In the pink set, yarn A are: Oatmilk, Pink and Baby Blue, while yarn B is Pink and yarn C is Hot Pink.

In the Blue set, yarn A are: Oatmilk, Capri Blue and Baby Blue, while yarn B is Cobalt Blue and yarn C is Jeans Blue.

When working the triangle for the tree, you are using two threads together: yarn A and yarn B.

ABBREVIATIONS

ch = chain
sl st (s) = slip stitch (es)
sc = single crochet
dc = double crochet
dc2tog = double crochet two together
RS = right side
WS = wrong side

TREE

Using a 3.5mm hook and both **yarn A** and **yarn B**, chain 12.

Row 1 (RS): 2ch (doesn't count as a st here and throughout), 12dc, turn. [12 sts]
Row 2 (WS): 2ch, 10dc, dc2tog, turn. [11 sts]
Row 3: 2ch, 9dc, dc2tog, turn. [10 sts]
Row 4: 2ch, 8dc, dc2tog, turn. [9 sts]
Row 5: 2ch, 7dc, dc2tog, turn. [8 sts]
Row 6: 2ch, 6dc, dc2tog, turn. [7 sts]
Row 7: 2ch, 5dc, dc2tog, turn. [6 sts]
Row 8: 2ch, 4dc, dc2tog, turn. [5 sts]
Row 9: 2ch, 3dc, dc2tog, turn. [4 sts]
Row 10: 2ch, 2dc, dc2tog, turn. [3 sts]
Row 11: 2ch, 1dc, dc2tog, turn. [2 sts]
Row 12: 2ch, dc2tog, turn. [1 st]

When on the RS, chain 26 to make the hanging loop, sl st in top of the last dc2tog and fasten off.
If your intention is to make a bunting of trees, you may avoid the hanging loop.

Trunk
Turn the tree upside-down, RS facing you.
Use **yarn C**.

Row 1 (RS): 4sl st along tree bottom, 1ch (doesn't count as a st here and throughout), 4sc, turn.
Row 2 (WS): 1ch, 4sc, turn.
Rows 3-4: as row 2
Row 5: 1ch, 4sc, rotate and work 4 sl sts along trunk side, 4 sl st along tree bottom, fasten off.

Weave ends in.

Knot a 14 mm bell to the tree top, using a matching yarn A.
Knot a 10 mm bell to the top of the tree with tinsel, still using yarn A.
Trim the excess of yarn in the back.

TINSEL

Even this time, keep the tree upside-down and RS facing you.

You are still using **yarn C**, but the colour you didn't choose for the trunk!
We are working five bands of tinsel in between rows.

Between rows 2 and 3: sl st in top of first st, 13ch, sl st around top of middle st, 13ch, sl st in top of last st, fasten off.
Between rows 4 and 5: sl st in top of first st, 11ch, sl st around top of middle st, 11ch, sl st in top of last st, fasten off.
Between rows 6 and 7: sl st in top of first st, 9ch, sl st around top of middle st, 9ch, sl st in top of last st, fasten off.
Between rows 8 and 9: sl st in top of first st, 7ch, sl st around top of middle st, 7ch, sl st in top of last st, fasten off.
Between rows 10 and 11: sl st in top of first st, 5ch, sl st around top of middle st, 5ch, sl st in top of last st, fasten off.

Weave in all ends.

STIFFENING - OPTIONAL

Prepare a solution made 50% of water and 50% of white PVA glue.
Pin the ornament (WS facing you) on a blocking board or foam blocks.
With the help of a soft brush spread the solution on the ornament and let it dry completely before decorating the halls or the Christmas tree.

Enjoy!
