PATTERN INFORMATION

This sweater is knitted bottom up in the flat. It's a boxy fit, therefore, no decreases are to be made for the armholes.

Both front and back are worked separately, then sewn together at the shoulders to pick stitches up for the sleeves, which have a balloon shape, with a long cuff in 1x1 ribbing.

While it is a simple shape and construction, it requires a bit of expertise on cables, intarsia and fair isle, as these techniques are combined at the front of the body.

The back is split in two different colours and a simple intarsia has to be worked in the middle.

Due to its techniques, the pattern is recommended for confident beginner to intermediate knitters.

INFO AND TIPS

For the cables, you'll have to work intarsia and fair isle. Up until the first cross, you'll have to work intarsia. Once the colors are crossed, you'll have to work fair isle. Try to keep the floats on the WS loose so the cable has the same tension throughout the front.

BACK PANEL

Rib edge

With C2, cast on 84 (94, 104, 112, 122, 132) sts on 5 mm (US8) circular needles with the same technique you used for the front.

Rows 1 to 9 (9, 13, 17, 21, 23): Work in 2x2 rib (k2, p2 until end of row). Your last row should be a WS row. Cut C2.

Row 10 (10, 14, 18, 22, 24): Attach C4 and k 42 (47, 52, 56, 61, 66). Without cutting C4, attach C1 and k 42 (47, 52, 56, 61, 66).

From now on, you'll do the color changes with intarsia.

The color change should look like a straight line in the middle of the back and you don't want it crooked!

Row 106 (118, 130, 140, 148, 166): K 25 (30, 33, 35, 38, 41), cast off 34 (34, 38, 42, 46, 50), k 25 (30, 33, 35, 38, 41). Slip the first 25 (30, 33, 35, 38, 41) sts onto an additional cable or scrap of yarn. This is the right shoulder and it'll be worked later.

Continue working the left shoulder.

Row 107 (119, 131, 141, 149, 167) of left shoulder- WS row: P all.

Row 108 (120, 132, 142, 150, 168): K2, ssk, k all. You've decreased 1 stitch, and should have 24 (29, 32, 34, 37, 40) now.

Row 109 (121, 133, 143, 151, 169): P all.

Row 112 (124, 136, 146, 154, 172): Cast off loosely.

Now onto the right shoulder!

With the WS facing you, attach C4 yarn.

Row 107 (119, 131, 141, 149, 167) of right shoulder- WS row: P all.

Row 108 (120, 132, 142, 150, 168): K all until 4 sts remain, k2tog, k2. You've decreased 1 stitch, and should have 24 (29, 32, 34, 37, 40).

Row 109 (121, 133, 143, 151, 169): P all.

Rows 110 (122, 134, 144, 152, 170) and 111 (123, 135, 145, 153, 171): Rep rows 108 (120, 132, 142, 151, 168) and 109 (121, 133, 143, 152, 169). You should end up with a WS row.

Row 112 (124, 136, 146, 154, 172): Cast off loosely.

Now that you have the front and back, place both panels with the WS facing each other and with the horizontal invisible seam, sew the shoulders together.

SLEEVES

Repeat the same instructions for both sleeves.

First of all, from cast on edge at the front, count 64 (74, 84, 90, 98, 110) rows up and place a stitch marker. Do the same for the back.

Work each sleeve with its corresponding color so it matches the side of the body.

Row 0: Starting at the stitch marker you just placed on the back -for the right sleeve-, or front -for the left sleeve-, with the RS of the body facing you, pick up 75 (75, 80, 84, 84, 92) sts evenly along the edge.

Row 1 -WS row: P all.

Row 2: K all.

Rows 3 to 89 (93, 93, 95, 95, 98): Rep rows 1 and 2.

Row 90 (94, 94, 96, 96, 99) – RS row: K2tog. Rep until end of row. You'll decrease all stitches, therefore, end up with half the amount of sts you started with. Cut yarn.

Row 91 (95, 95, 97, 97, 99): Attach yarn in color of other sleeve (if you're working the sleeve with C1, attach C4, and vice versa). You'll start working the cuff in 1x1 ribbing (K1, p1) until end of row.

Rows 92 (96, 96, 98, 98, 100) to 103 (107, 107, 111, 111, 113): Continue working 1x1 ribbing.

Row 104 (108, 108, 112, 112, 114): Cast off loosely. Leave a long tail to sew in the side.

Starting at the cuff, join both edges of the sleeve together with the vertical invisible seam. Continue until underarm and once there, sew down the side of the body to the ribbing. Secure and hide the tail.

NECKBAND

With C2, starting at the left shoulder seam, pick up 102 (102, 106, 114, 118, 124) sts evenly along the neck opening.

PM to indicate the end of the row, as you'll knit in the round now.

Row 1: K all.

Rows 2 to 6: Work a 1x1 ribbing (k1, p1).

Row 7: K2tog until end of row. You'll have half the sts you casted on.

Rows 8 to 10: K all.

Row 11: *k1, m1r*. Repeat *to* until end of row. You've increased to double the sts and should have the same amount of sts you started with.

Row 12: Cast off loosely, leaving a long tail.

Fold the neckband to the inside of the sweater, by the decrease row. With a darning needle, thread the tail you left and go through the same stitch at the cast on and cast off edges. Repeat this until you've joined the neckband cast off edge to the cast on edge all around.

Optional: Block your sweater with water or steam to even out the cables.

You're done...congratulations!!!
