Teddy

Soft like a dream and a yarn many have been longing for, to be used for knitting and crocheting baby ware, teddies and blankets. Perfect for knitted teddy jackets and sweaters that are wonderful to wear. A "fluffy" yarn, that doesn't require any special techniques or stitches to get a nice and chunky result.

100% Polyester, 50 g/65 m.

Cosy

The thread is quite lightspun, soft and with a very special elasticity, which preserves the knit beautiful. The Cosy yarn is a bit vintage in its expression – warm, strong and even breathable.

Good to know

Needle size and gauge

Knitters knit very differently: some knit with a needle size 2,0 mm and obtain the same size of design quality as a person who knits with a needle size 4,0 mm. We owe this knowledge to the team of knitters who join us. The key to knit a specific size is a lot about the knitting style/hands/skills, rather than the size of needles. Therefore, we will recommend a range of needle sizes.
