Sew in ends to finish

Thread the loop from Part 1 through the centre loop of the Top Part 2 to add the lid to the light.

Make 3 Lights in each colour (8 colours) to create the full set of 24.

FINISHING

To finish off your Advent lights use your remaining yarn to embroider the numbers on the front, make sure to use a contrasting colour for your embroidery so the numbers pop. When adding the numbers to centralise your embroider, work from 4 rounds up and don't go above the last 4 rounds of Part 1. Work embroidery with doubled up thread and a tapestry needle, work over the number twice to create the number being 4 strands thick. Fasten off on the inside.

GARLAND STRING

To string your Garland together, join with a chain.

Chain: In Black 8/6 & Cocktail Deluxe chain 30, sc {dc} over the top of the loop of your No.1 Light, [ch 20, sc {dc} over the top of the loop of your next Light] repeat until you have strung up all your Lights, ch30, fasten off.

Enjoy!
