## INFO AND TIPS

To determine your size, simply measure the circumference of your head. The 46 cm/18" hat will fit most youths; 51 cm/20" is perfect for both teens and smaller adults; and 56 cm/22" is a great size for a standard male adult or for anyone who wishes to have additional "slouch" in the back of their beanie.

- Always hold your yarn in front for slipped stitches. All stitches are slipped purlwise.
- If you are using circular needles or magic loop, you may need to switch to DPNs to work the crown of the hat.
- Brioche is very stretchy, so when blocking your hat, don't stretch it out and pin it. Just lay it flat and gently pat it into the desired shape. This will keep it fluffy and soft!
