This cardigan consists of several parts: Body, Sleeves, Yoke and Band. It is made from the bottom up: Body and Sleeves are crocheted separately, then they are joined with each other and finished up to the neck. If you desire a longer or shorter cardigan just change the number of stitch repeats (remember to edit the amount of yarn). Have fun!

Used stitches: slip stitch, chain, single crochet, half double crochet, double crochet, treble crochet, double crochet 2 stitches together, treble crochet 2 stitches together, X-stitch, puff.

BODY

With 4 mm hook, start crocheting from the bottom and work up to armholes. Body description includes the back and both halves of the front, crocheted in one piece. At each color change, work on the right side of the cardigan (do not turn the work) - RS note at the beginning of the row. If few rows are done in one color, turn the work after each row until the next color change (if the previous row had a RS note, the next one will be WS, then RS again). Cut the yarn and secure ends at each color change.

SLEEVES

With 4 mm hook, crochet sleeves in rounds (do not turn the work and keep it right side facing you all the way). Cut the yarn before changing the color. When the color changes, start each round at different points around the sleeve. This makes working in the yarn ends as you go along much easier.

YOKE

Keep Body right side facing you. Attach the first Sleeve to Body (right sides together) and sew it between markers #3 and #4 (number of seam sts: 8 (8) 10 (12) 14), using the long tail of the Sleeve. To sew them together, pass the needle through both (front and back) loops of each stitch of the Body and Sleeve from right to left, then back. Attach the second Sleeve between markers #5 and #6 the same way. Remove markers #3-6.

Keep the work right side facing you. With 4 mm hook, work along the first half of the front (start point: orange line in a picture below), then along the sleeve, back, second sleeve and finish along the second half of the front (follow the blue narrows in a picture below).

At each color change, work on the right side of the cardigan (do not turn the work) - RS note at the beginning of the row. If few rows are done in one color, turn the work after each row until the next color change (if the previous row had a RS note, the next one will be WS, then RS again). Cut the yarn and secure ends at each color change.
