INFO AND TIPS

- Pattern is worked in continuous rounds, so you will not need to ch 1 at the end of the round unless instructed to. You can use a stitch marker to help mark the end of your round.
- Gauge is not important for this project since it is not worn, so adjust your hook size as needed to match your personal preference and yarn you're using.
- The "x whatever #" after the parenthesis indicates that you should repeat what is in parenthesis that many times. Example "(Sc, Inc) x3" would be the equivalent of "Sc, Inc, Sc, Inc, Sc, Inc".
- The number at the end of each round in parenthesis is the stitch count; it is how many stitches you should have in that round after completing all of the steps.
- Work everything in Honey Bunny yarn with your 5.5mm hook and everything in Amigo yarn with your 4mm.
