PATTERN INFORMATION

These crocheted numbers are perfect for stimulating your children. Teach them the names of each number, as well as the basics of mathematics while having fun with your little ones. Their bright colors and playful shapes will attract them for sure.

This pattern is beginners friendly. You will crochet each number twice, then you'll single crochet through both pieces to join and stuffed it as you go.

INFO AND TIPS

- Each number is crocheted twice. Then the two pieces are joined together by crocheting a sc border passing through both layers and stuffing is added as you go.
- Each piece are worked from bottom to top except numbers 4 and 7.
- Ch 1 at the beginning of each row doesn't count as a st.

HOW TO JOIN THE PIECES TOGETHER

For the numbers: 0, 4, 6, 8 and 9. Before starting to crochet the number, cut a piece of yarn, approx. 35 cm / 14" and set aside.

After crocheting your two identical numbers, use it to sew the central space(s).

Then place each piece on top of each other with the number's right side facing you.

Then go back to your crochet. Ch1 and work 1 sc in each st and side of the rows all around, passing through both pieces to assemble and stuff as you go. Finish with 1 sc in the last st and invisible join with the first one. Weave in ends.

When you have a corner facing inward like this

Work 1 sc in the last st available before the corner

And work 1 sc in the first side of row available after the corner

When you have a corner turned outward like this

Depending if you are working on the side of row/sts. Work 2 or 3 sc in the first/last st and work sc in the last/first side of row.

When you have a curve, just work 1 sc in each st and side of the row.
