PATTERN INFORMATION

Introducing Monstera sweater, inspired by the textures of Monstera leaves. The main body part is created with a plain stitch, while the sleeves are created with an openwork stitch.

The sweater is worked bottom up in four panels (one back panel, one front panel and two sleeve panels). The finishing of the collar is crocheted onto the body once it's sewn.

The sample in the picture is a size M.

Fasten off.

IT'S SEAMING TIME!

First let's mark the opening for the sleeves on both front and back panel with a stitch marker. Starting from the top of the panel count 15 (17, 18, 19, 20, 21, 21, 22, 23) rows down. Put your stitch marker here. Repeat on the other side.

Leave back panel RS facing up and put on it the front panel with WS facing up. Seam shoulders together using a whip stitch, being careful to sew evenly the parts.

Sew the sides starting from the ribbing up to the armpit where we put the stitch marker.

Insert the sleeve, with right side facing, down into the body and line up the seam on the sleeve with the stitch marker on armpit. From the seam on the sleeve, count 24,5 (27,5, 28,5, 30,5, 32,5, 33,5, 34,5, 35,5, 36,5) stitches around and put a second stitch marker here, being careful to pick up also the seam on the shoulder. This will ensure the parts are seamed evenly.

Seam the sleeve together with the body using a whip stitch, starting from the armpit and continue around.

Repeat on the other side as well.

COLLAR

Turn the sweater right side out.

Attach new yarn to the center back of neck opening. SC all around evenly, being careful to work 1 SC in each stitch on the back panel and 1 SC in each row/stitch when working down and up the front panel. SL ST to first SC, CH 6.

ROW 1: SC in 2nd chain from hook and across, SL ST into first and second SC of back panel (5 sts). Turn your work so you're working back into the ribbing.

Note: *always skip the 2 SL STs when working back into the ribbing.*

ROW 2: SC BLO across, CH 1, turn. (5 sts)

ROW 3: SC BLO across, SL ST into next 2 SC on back panel, turn. (5 sts)

Continue Working ROW 2 and ROW 3 until no SC on back and front panel remain. Seam both ends of ribbing together to finish the collar.

Weave in all loose ends.

Voilà! You've finished your sweater!

Enjoy!
