## FANNY PACK

### Main Panel (Make 2)

Ch 5. Crochet in rows. Alternate col. 63 and col. 71 every row.

Row 1: hdc sl st 4 starting from the second chain from the hook. Ch 1, turn. (4)

Row 2: hdc sl st blo 3, inc\* in the next stitch, ch 1, turn (5)

\*Here's how to increase (inc):

Make 2 hdc sl st blo in the same stitch.

Row 3: inc in the first stitch, hdc sl st blo 4, ch 1, turn (6)

Row 4: hdc sl st blo 5, inc\* in the next stitch, ch 1, turn (7)

Row 5: inc in the first stitch, hdc sl st blo 6, ch 1, turn (8)

Keep increasing on only one side of the project until you reach row 20.

Rows 21-40: hdc sl st blo all. Ch 1 and turn at the end of each round. (23)

Row 41: Start with a dec\*, then hdc sl st blo 21, ch1 and turn. (22)

\*Here's how to decrease (dec):

Insert your hook in the first stitch (blo), pull up a loop, insert your hook in the next stitch, pull up a loop, then pull through all the loops on your hook.

Row 42: hdc sl st blo 20, dec, ch 1 and turn. (21)

Row 43: dec, hdc sl st blo 19, ch 1 and turn. (20)

Row 44: hdc sl st blo 18, dec, ch 1 and turn. (19)

Keep decreasing on only one side of the project until row 60. Weave in the ends and block your panel. Crochet a hdc border on the top of the piece.

### **Pocket (optional)**

Ch 48. Crochet in rows. Alternate col. 63 and col. 71 every row.

Row 1: hdc sl st 47 starting from the second chain from the hook. Ch 1, turn. (47)

Row 2-20: hdc sl st blo all. Ch 1 and turn at the end of each round. (47)

Weave in the ends.

Make a fold at the top of the piece, 10 sts long. Secure it in place with thread and needle in a color similar to your yarn.

### **ASSEMBLY**

Sew the Jumbo zipper by aligning both panels with the sides of the zipper. Use your preferred method to attach the zipper; I'm using a sewing machine.

If you want to attach your zipper with a hook, here's a tutorial:

Once the zipper is sewn in, crochet a sc border all around the fanny pack. Make sure the panels line up nicely with the striped pattern.

Attach the pocket between rows 20 and 40 of the main panels using thread and needle in a color similar to your yarn. Ensure the pocket aligns nicely with the striped pattern.

To complete your fanny pack, attach one lobster clasp to the right side of the bag and a D-ring to the left side using yarn and a yarn needle.

## LEASH

I'm making my leash 160 cm / 63 inches long. I'll use 60 cm / 23.75 inches for the crossbody part (which I'll later attach to the fanny pack), and 100 cm / 39.5 inches for the rest of the leash. You can adjust the length of the foundation chain as needed.

Ch 385. Crochet in rows. Alternate each row with Alternate col. 63, col. 71 and col.31.

Row 1: starting from the second ch from the hook, crochet 384 hdc sl st, ch 1, turn. (384)

Rows 2-7: 384 hdc sl st blo, ch 1, turn. (384)

Fasten off and weave the ends.

To attach the clasps, work on both ends of the leash by crocheting in rows with col. 63.

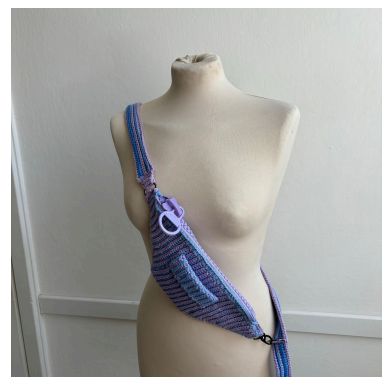

Row 1: sc 7, ch 1, turn. (7)

Row 2: dec, sc 3, dec, ch 1, turn. (5)

Rows 3-5: sc 5, ch 1, turn. (5)

Leave a long tail for sewing.

Fold the short col. 63 strap we just created through the lobster clasp on one end and through the D-ring on the other end. Then, sew the ends of the strap to the leash, creating a loop.

Now create the crossbody strap by measuring 60 cm / 23.75 inches and sewing a D-ring onto the leash using your yarn and yarn needle. Feel free to adjust the length to fit your body measurements.

**Tip:** You can measure your waist and make it a belt instead.

**Enjoy!**
