PATTERN INFORMATION

The Snow and Pine Sweater has all the vibes of a classic cable-knit but with a modern twist. Knit from the bottom up in the round, this sweater features a split hem, drop-shoulder sleeves, and a folded collar. Even without shaping, it hugs the body, and the hint of extra length and unique center cable panel give the sweater a streamline look, making it perfect for dressing up or just lounging around.

Skills needed to complete this pattern include: knitting and purling in the round and flat, reading written cable instructions, picking up stitches, directional increases and decreases, slipping stitches, tubular ribbed cast-on, Italian tubular bind-off, three-needle bind-off, and folded collar bind-off.
