Week 1

Getting Started

Getting Started

Welcome to our brand new Mystery make-along - the après-ski Jumper! This pattern will be broken down into 7 bite size chunks with each week revealing more of our mystery make! Before we start as we are working on a sized garment it's really important to get our tension right to make sure our make will come out the right size and use up the intended yarn amounts.

TENSION

Using the Lilac Mix in Stocking stitch on 5.5mm needles (or size to match)

10 cm X 5 cm / 4" x 2" = 16 sts X 11 Rows

Recommended to work 20 sts and 15 rows to measure your tension from. If your tension is too loose go down a size and if your tension is too tight try sizing up, play around till you reach as close as you can to the tension size. Tension is very individual, so it's very normal to have to play around to get the right needle size, remember it's always easier to change your tools rather than to just try and crochet tighter or looser!

FIT

This pattern is in 3 sizes following the stitch counts in order 1 (2, 3) for the correct size. The design is styled to have an oversized unisex fit, baggy body with fitted sleeves

EASE Size 1 = 20-45 cm / 7.75-17.75" | Size 2 = 15-35 cm / 6-13.75" | Size 3 = 10-30 / 4-11.75" cm

COLOUR KEY

COLOUR	YARN		
Red Mix (R)	=	Panettone 12	+ Diablo 37
Lilac Mix (L)	=	Portobello 68	+ Diablo Glitter 34
Pink Mix (P)	=	Portobello 53	+ Diablo 44
Mint Mix (M)	=	Panettone 19	+ Diablo Glitter 02
Blue Mix (B)	=	Portobello 85	+ Diablo Glitter 31
Orange Mix (O)	=	Portobello 31	+ Diablo 36

In the pattern, the first time a colour is worked in a step the full name will be used ie Red mix, when continued the colour will use the abbreviation, so for Red mix this would be R.

Week 1

PART 1

Part 1

Ready.....Steady.....Go!! YAY!! Now you have practised your tension and prepared yourself with the right needles we are ready to go and start the First part of our Jumper!

This jumper pattern is worked in a Front and Back panel, which for the most part are the same and repeated, and 2 repeated sleeves. Depending on your personal pace, skill level, size you're making and weekly time allowance, you may want to repeat each section each week. If working repeated sections each week I recommend a time allowance of 4-8 hours a week. However if you have less time you may wish to keep up with the MALs initial release by choosing to make just 1 each week rather than repeat, as all doubles aren't needed till our final Part 7. Choosing to then make your repeats after all parts are released.

INFO AND TIPS

1. Work this pattern using 2 strands together at once, one thicker strand and one mohair.
2. This pattern is in 3 sizes following the stitch counts in order 1 (2, 3) for the correct size. Sizing is also adjusted with Row count so follow sized Rows to get the correct size length.
3. If working 2 sections at a time it can be helpful to have 2 of the main body needles, 5.5mm (or to match tension) in size 80cm / 31" length, however you can always just use yarn as a stitch holder if you don't have a spare.
4. Reduce your ends by twisting in old tail and new tail in and trapping on the WS of work throughout the project. I recommend twisting for 15 sts, then cut.

Stitch Pattern:

Cable Cast on:

Use 2 needles to cast on, after the first 2 stitches, put the needle between stitches rather than through the front half of the stitch to create a tighter edge.

Garter Stitch: *Knit every Row, creates a thick 2 sided fabric*

Stocking Stitch:

**Knit Row, Purl Row* repeat, creates a fabric with a wrong and right side with a flat front surface.*

Instructions: Make 2

Step 1:

CO: In Blue mix Cable Cast on 97 (113, 129) sts.
K13, (15, 19) rows to create a Garter Stitch edge.
Check to see if width is matching up with the chosen size.

- Size 1 = 60 cm / 23.5"
- Size 2 = 70 cm / 27.5"
- Size 3 = 80 cm / 31.5"

Step 2:

Row 1: In Mint Mix Knit Row

Row 2: K4, P across till final 4, K4.

Repeat Rows 1 and 2, creating a stocking stitch section with garter stitch edge detail.

Repeat: Work section till you have 10 (12, 16) rows

Step 3:

Row 1: On RS in Lilac Mix Purl

Row 2: Purl

Row 3: Knit

Row 4: Purl

Step 4:

Row 1: On RS in Orange Mix Purl

Row 2: Purl

Row 3: Knit

Row 4: Purl

Repeat section to create 2 identical panels, Front and Back.

Either use a second needle or place the first panel stitches on a length of yarn by using a tapestry needle and threading through stitch loops, or use a stitch wire, to hold stitches while reusing the needle.

Week 2

PART 2

Part 2

Welcome to Part 2!

This week we will be building on the stripey start to our sweaters and playing around with colour work, using Slip Stitches to create a fun 2 colour brick pattern! Slip stitch colour work is a great way to get the look of working 2 colours in a row without actually needing to knit 2 colours across in the same row.

INFO AND TIPS

- 1) Work this next part using your 2 strand colour mixes
- 2) Make sure when travelling your yarns up in Step 1 to not pull too tight along the edge, I recommend using your thumb as a guide to give you some slack.
- 3) Your tension for the Brick pattern in Part 1 may pull a little narrower, this will be evened out during the final blocking process at the end of the make.

Stitch Pattern:

Slip Stitch: *used to create colourwork pattern*

Move next working stitch over to other needle without working it, Slip stitches purlwise as if purling them. Used in pattern to carry colour up to create 2 colour effect over row.

INFO AND TIPS

1. Work using your 2 strand colour mixes
2. Make sure to not pull your tension too tight when working with 2 colours in a row and travelling them at the back. To help keep tension, spread work out along circular needle and try not to bunch.

Week 5

PART 5

Part 5

Welcome to Part 5!

This week we begin on our sleeves and go from working flat to working in the round. Our jumper is really starting to take shape now, and I hope you're excited how it is turning out!. We will be learning how to create a rib cuff and then how to start working our sleeves in the round with our moss stitch as well as 2 different kinds of increase to help shape our sleeve,

INFO AND TIPS

1. Work using your 2 strand colour mixes
2. Rib worked flat with the rest of the sleeve worked circular.
3. This part uses both sized shorter circular needles, although you could work this on a longer needle and pull through, using a smaller needle that the whole sleeve stitches fit on without having excess makes for a much smoother making process.

Stitch Patterns:

Make 1: M1

To add another stitch pick up strand between sts and knit

Pick up strand between stitches and place on needle left needle

Knit through back of stitch

Knit Front Back: KFB

Knit into the front of the stitch, do not take off needle, knit into the back of the stitch, transfer to other needle. Creates a stitch increase

1 X 1 Rib:

**K1, P1* repeat. Stitches line up to create a stretchy rucked in fabric*

Moss Stitch:

**K1, P1* repeat Row 1 / * P1, K1* repeat Row 2. Stitches alternate to create a textured fabric*

Mattress Stitch: invisible joining method

- A. *Working a stitch in from edge, work under 2 bars of stitch on one side from the front, Go across and work under the same corresponding 2 bars of stitch on other side from the front*
- B. *Repeat this action for a small section*
- C. *Pull stitching to close join*
- D. *Pull secure so you no longer see thread, but do not pull too tight.*
- E. *Repeat process, working small sections at a time*

Instructions: *Make 2*

Step 1: Rib

Working on 4.5 mm Small circular needles

CO: In Lilac mix, leave a long 30cm tail and Cable cast on 41 (45, 49) sts

Row 1: *K1, P1* repeat till end, ending on a K, turn

Row 2: *P1, K1* Repeat until end, ending on a P, Turn

Repeat rows 1 and 2 until your rib is 11 rows in total

Step 2: Moss stitch

Keep using 4.5mm small circular needle

Row 1: In Orange mix, *K3, KFB* repeat till last st. Size 2 only - KFB into last st. You should have 51 (57, 61) sts at end of this row.

Continue working sleeve in the round not rows

Round 2: Place marker on needle after last st of last row, now continuing in round on RS, *K1, P1* around until marker. This is 1 round.

Repeat: Transfer marker across and continue *K1, P1* moss for a total of 22 rounds of moss st (23 rounds of Orange mix in total)

Step 3:

Change to using 5.5mm needle

Round 1: In Blue mix *K6, M1* repeat for round, Sizes 1 & 3 only: after last st before beginning of next row M1. You should have 60 (66, 72) sts, Transfer across marker

Rounds 2-3: Knit round

Step 4

Round 1: In Pink mix purl round

Round 2-3: Knit Round

Step 5

Round 1: In mint mix purl Round

Rounds 2-10: Knit round moving marker across each time

Finishing: Use long tail from Cast On to sew together cuff in mattress stitch to finish Part 5.

Repeat section to create 2 identical sleeve beginnings. You can hold first sleeves stitches on another needle (your longer 5.5mm needle works great) or a length of yarn - by using a tapestry needle and threading through stitch loops. Or alternatively use a stitch wire to hold stitches while reusing the needle.

WEEK 6

PART 6

Part 6

Welcome to Part 6!

This week we finish our sleeves and the last main sections of our jumper in our penultimate instalment. We will be learning how to use both hands when working colourwork, to help avoid twisted yarns when working our 2 colour fair isle

INFO AND TIPS

1. Work using your 2 strand colour mixes.
2. To adjust the length of your sleeve from the designed length, reduce or increase the rounds in part 4.
3. Make sure when working colourwork in step 1 that when travelling non working yarn behind (floats) that you don't pull too tight, as you can easily pull the tension too tight and distort the sleeve. Make sure to spread stitches out on your needle to avoid this. This part of the sleeve will tend to pull in slightly but can be shaped to size in the blocking process.

SIZE	MEASUREMENTS	
	SLEEVE WIDTH (Flat)	SLEEVE LENGTH
1	18 cm / 7"	40.5 cm / 16"
2	19.5 cm / 7.25"	40.5 cm / 16"
3	21 cm / 8.25"	39 cm / 15.25"

Stitch Pattern:

2 handed Fair Isle colourwork:

Work the colourwork with 2 hands. Work one hand continental and 1 hand in the throwing method to avoid any tangles and yarn twisting

Instructions:

Step 1:

Round 1: P3 in Red mix, take your R to the back, P3 in Lilac mix, take the L to the back, *Bring the R forward P3, take R back, Bring L forward, P3 in L, take L back* repeat for round, transfer across marker with all yarns now at back.

From this point work this section using the 2 hand colourwork technique

Rounds 2-24: *K3 in R, K3 in L* repeat for round, transfer marker

Work repeat till you have a total of 24 rounds of stripe, including round 1 purl

Step 2:

Round 1: In Blue mix Knit round, transfer marker

Round 2: Purl round, transfer marker

Rounds 3-6: repeat rounds 1 & 2 to create Garter stitch in the round

Step 3:

Round 1-3: In Pink mix knit round, total of 3 rounds

Step 4:

Round 1: In Orange mix Purl round

Repeat: Knit round for a total of 12 (12, 10) rounds
(including round 1)

*Note: this section can be extended or reduced depending on
personal arm length*

WEEK 7

PART 7

Part 7

TA DA! The Final mystery reveal! I hope you're excited about how the piece has come together in the final design and are pleased with all the different techniques you have learnt.

This week we finish off our jumpers, putting together our panels, completing our necklines, and with the option to add personalised embellishment.

INFO AND TIPS

1. The steps in this final instalment are perfect to use up the remaining yarns in your kit. Due to slight changes in personal tension, most makers will have slightly varying amounts. The neckline and embellishment are great ways to make your piece unique and use up your odds and ends
2. Pick between 2 neckline options, a lower round neck or higher funnel neck.

Stitch Pattern:

Mattress Stitch: *invisible joining method*

- F. Working a stitch in from edge, work under 2 bars of stitch on one side from the front, Go across and work under the same corresponding 2 bars of stitch on other side from the front
- G. Repeat this action for a small section
- H. Pull stitching to close join
- I. Pull secure so you no longer see thread, but do not pull too tight.
- J. Repeat process, working small sections at a time

Chain Stitch:

- A. Working from the back, come through to the RS of knit, work back to the WS through the same space, work under 1 or 2 bars of st (depending on length of stitch wanted) and come up to the RS, do not pull the needle through fully.
- B. Wrap yarn around needle
- C. Pull needle through fully to create loop
- D. Pull to secure, work back through loop in same place to repeat the steps and continue chain stitch
- E. To secure chain, work step C and rather than working back through look, stitch over the loop to secure, fasten off on WS.

Embellishment:

If you wish to embellish your jumper for that personalised touch, you may want to do it with your panels separate as it can be easier, or once you have joined your shoulder seams and finished your neck. This just gives easier access to both sides of the panels. However if you want

to put it all together first and then see if you wish to add this detail after it's joined you can also add your personalised embellishment then.

We will be using Chain stitch for this however you can also use surface slip stitch crochet for the same effect if you prefer.

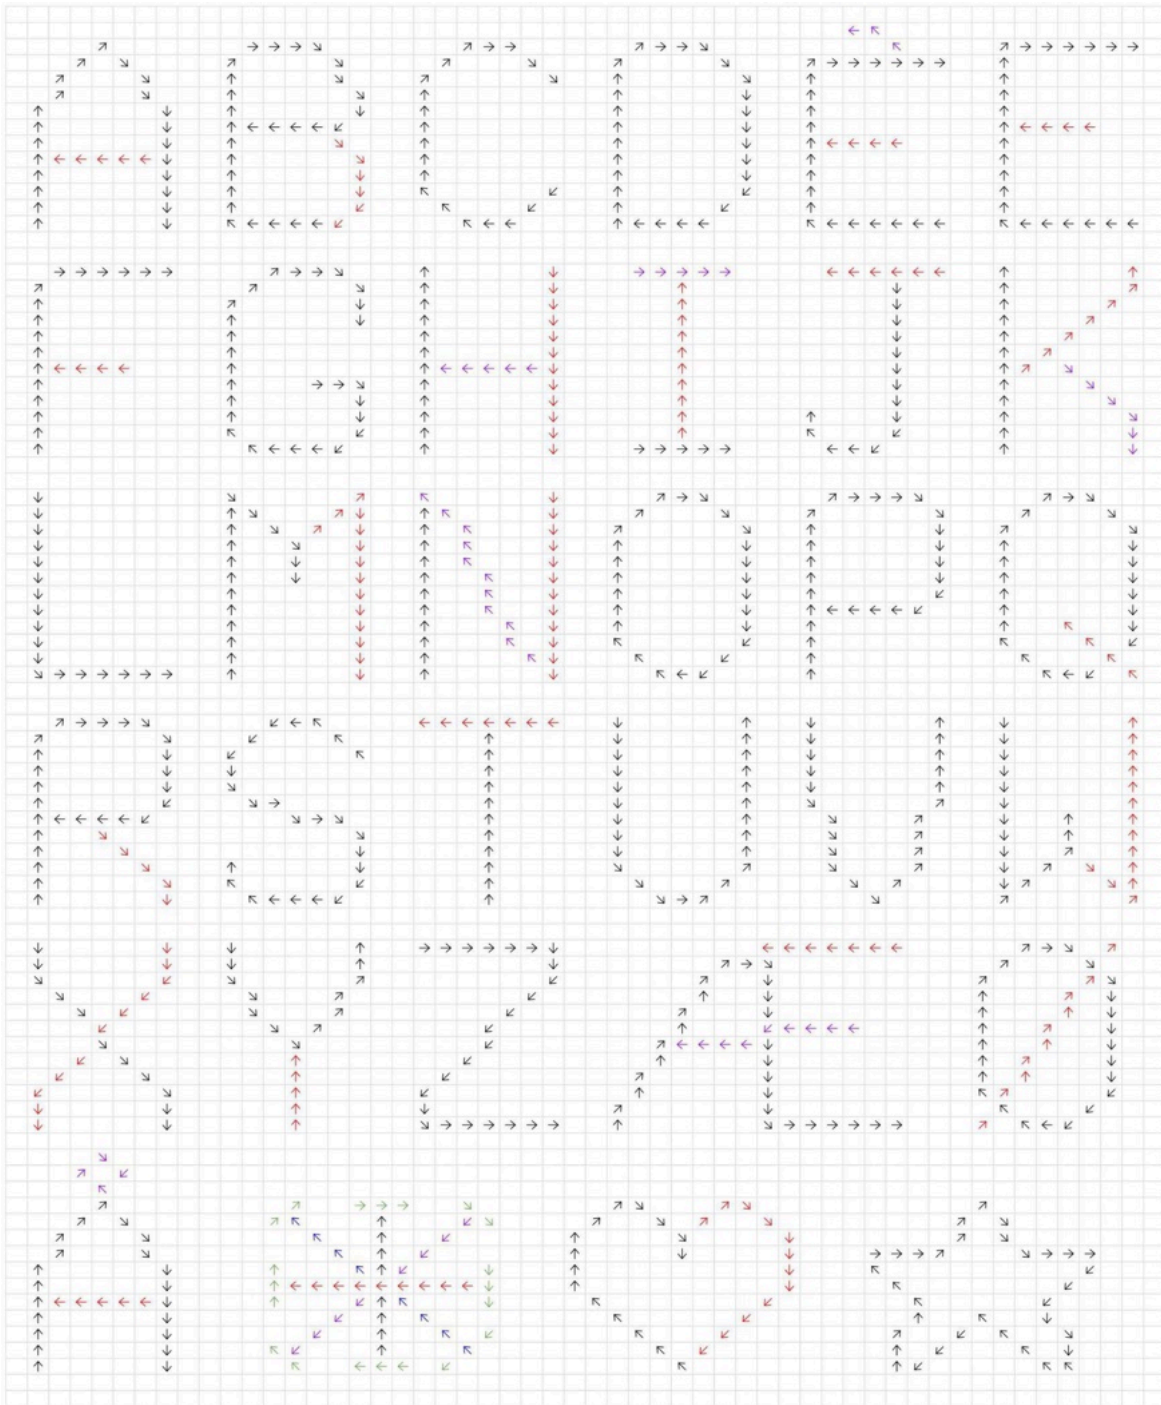

Plan your embroidery using the chart and your stocking stitch from Part 4/ step 1 like a grid. Work your design from the center out to help with placement and use st markers to help plot your personalisation. Top tip is to not work your design too far to the edge of your jumper as the text or design will be obscured when wearing.

I recommend leaving 2 spaces between letters and 4-6 if creating separate words. Most of the alphabet is 12 sts high and 7 sts wide for your planning. Follow the black arrows first and then the red (and then purple, green for some letters) for the direction of the chain stitch embroidery. You can either work one chain stitch per knit stitch (one for every arrow using the chart) or for a bolder design, work 1 chain stitch for every knit on the horizontal, but work 1 chain st over 2 sts (2 arrows) on the vertical.

Use your leftover yarns and embroider with a doubled thread to create a bolder line.

Embellishment Chart:

Use this plain grid to plan your personalised embellishment. Print, cut and join together the 3 sections.

Center of design is marked with a dotted line (65). The greyed out areas mark between the different 3 sizes.

- Size 1 uses the central section of 18 sts high between numbers 17-113
- Size 2 fits the full 18 sts high between numbers 9-121
- Size 3 fills the whole grid.

Remember to leave some space either side of your design as if filling the whole space the design will be obstructed due to the garment drop sleeve shaping. I recommend leaving 8-10 sts each end plain.

Neck

For our neck line we have two options: a double layer rolled neck which creates a lower round neck line or a single layer funnel neck. Both use rib to get this effect but one is turned back and secured on the inside.

We want to use up your remaining yarns for this section, you may choose to work a single colour neckline, or you may choose to work a multicolour striped neck, depending on the quantities of your remaining yarns.

Step 1: Join shoulder seams

Use mattress stitch to sew together front and back panels across shoulder seams.

Step 2: Picking up neckline

Place stitches from your holder back on to 4.5mm circular needle, add the stitches first from the back panel and then the front.

Step 3:

Round 1: Starting from back of neck working in chosen colour, knit across st, over neck shaping pick up 12 (13, 13) sts along shaping, knit across front panel sts, over neck shaping pick up 12 (13, 13) sts along shaping, place marker on needle before continuing to work in the round. You should have 80 (86, 94) sts. Carry marker across with each round to mark starting point.

Round 2: *K1, P1* repeat to create 1 X 1 rib
Repeat round 2, 19 more times to work 20 rounds of rib. Work your colours as desired, work in one colour or stripes changing colours at start of round.

Step 4:

Funnel neck

For funnel neck, cast off in a *K, P* cast off, not pulling cast off too tight.

Round neck

To create rolled round neck, cut yarn tail long and use with a tapestry needle. Catch the stitch on the needle and whip st to the back of st at neck pick up round on the inside of jumper, work all the way around catching st and taking off needle and securing on the inside. Sew in and secure at final st.

Joining & Finishing

Side seams:

Use st markers to line sides up, leave the bottom Step 1&2 from part 1 open to create side slit, and join until step 3 of part 4.

For sizes 1 & 3 join up until the start of Part 3 step 5 and for size 2 join up until the end of Part 3 Step 5.

Use mattress st to join side seams.

Repeat on both sides and sew ends in.

Sleeves

Use st markers to hold sleeves in place, start from under arm and use mattress st to sew into place.

Repeat on both sides and sew ends in.

Sew in any remaining ends to complete piece

Block:

For the final finishing touch wet wash block your piece to get the yarn super soft and fluffy. Measure to shape and Leave to dry flat.

Now have a celebratory dance around and feel fabulous as you have finished your #AprèsSkiMAL Jumper woooooohoooooooooooo!

Remember to share your makes, we love to see them!
