PULSE - Bucket Hat

Striped chunky bucket hat with extended brim

The onset of cooler weather doesn't have to mean packing up your beloved bucket hats. Keep the trend alive with the Pulse Bucket Hat. This cute striped bucket hat is made with chunky yarn in a two-tone pattern that really pops. The extended brim means you can fold it, roll it, or wear it straight. No matter how you style it, you'll be reaching for this bucket hat all season long.

The Pulse Bucket Hat pattern is part of the Happy Place pattern collection, designed to complement Happy Place Apricity Yarn. Find even more patterns and get the yarn needed for this project from Hobbii's website.

PATTERN DIRECTIONS

NOTE

- Hat crown will curl a bit as you work your rounds. This is normal, and we will address this with blocking at the end.
- Pattern is written for the smallest size, with adjustments for the larger size in parentheses.
- Carry colors not in use up side of work until instructed to fasten off.
- Portions of this pattern are written in crochet shorthand. For example "2sc" means to place 2 single crochet in the same stitch (increase made). "Sc 2" means to place a single crochet in each of the next 2 stitches.
