

CROCHET PATTERN

Lover

Socks

Design: Monica Nanni - Mo Design | Hobbii Design

MATERIALS

3 skeins of **Friends Sock Wool** color 03
1 skein of **Friends Kid Silk** color 128

Crochet hook 3.5 mm / US E/4
Tape measure

YARN QUALITY

 **Friends Sock Wool**, Hobbii
75 % Wool, 25 % Polyamide
50 g / 1.75 oz = 210 m / 229 yds

 **Friends Kid Silk**, Hobbii
72 % Mohair, 25 % Silk, 3% Wool
25 g / 0.9 oz = 200 m / 218 yds

GAUGE

In sc:
19 sts x 22 rows = 10 cm x 10 cm / 4" x 4"

In Moss Stitches:
21 sts x 23 rows = 10 cm x 10 cm / 4" x 4"

ABBREVIATIONS

ch = chain
sc = single crochet
sl st = slip stitch
dc = double crochet
hdc = half double crochet
blo = back loop only
sts = stitches
inc = increase
dec = decrease

SIZE

One size

MEASUREMENTS

Measurements will vary based on your preferences.
Refer to the pattern instructions for tips on how to modify the size.

PATTERN INFORMATION

The Lover Socks crochet pattern features a unique assembly and beautiful design, inspired by vintage socks. Using moss stitches and delicate ruffles, these socks have an old-fashioned feel with a modern twist. They make a thoughtful and stylish gift for your loved ones. With a detailed photo guide and clear instructions, it's easy to follow along and create something special, even if you're new to crochet!

Please make sure to include the pattern's name and number.

Happy Crafting!

Pattern

HEEL

To begin, crochet a chain with an even number of stitches. Make sure the length of the chain matches the width of the widest part of your foot (without stretching the chain). Remember, the chain will shrink slightly when you add more rows.

Tip: For a more flexible start, you can use a chainless foundation with single crochet stitches instead of a regular chain!

For example, if the widest part of your foot is 9 cm (3.5"), you might need to crochet a foundation chain of about 18 stitches.

R1: ch 1 and starting from the second chain from the hook and sc all.

R2: ch 1, turn, sc all.

R3-R7: ch 1, turn, dec, sc until you have two sts left, dec.

R8: ch 1, turn, sc all.

R9-R13: ch 1, turn, inc, then sc all until you have 1 stitch left, inc.

R14: ch 1, turn, sc all.

MOSS STITCH SOLE

Measure the bottom of your foot, focusing only on the area between the heel and toes (don't include the heel or toes in your measurement).

Crochet enough rows to match this length. The number of rows may differ depending on your foot size, so feel free to add or remove rows as needed.

From R15 to the final row: ch 2, turn, (skip 1 stitch, sc, ch 1) until the end of the row.

For example, if the bottom of your foot is 13 cm (5"), you might need around 32 rows.

TOE

Even though everyone may have completed a different number of rows so far, I will now start numbering from Row 1 for consistency. Just keep adding these rows to your work without cutting the yarn.

R1-2: ch 1, turn, sc all.

R3-R7: ch 1, turn, dec, sc until you have two sts left, dec.

R8: ch 1, turn, sc all.

R9-R13: ch 1, turn, inc, sc all until you have 1 stitch left, inc.

R14: ch 1, turn, sc all.

MOSS STITCH INSTEP

Repeat the same number of moss stitch rows as you made for the sole.

From R15 to the final row: ch 2, turn, (skip 1 stitch, sc, ch 1) until the end of the row.

Don't cut the yarn when you're finished.

ANKLE

Measure the circumference of your ankle and the current width of your sock.

Next, subtract the sock width from your ankle circumference. Then, divide that result by two. This final number is the length of the chain you'll add to both sides of the sock.

Without cutting the yarn from the instep, crochet a chain that matches this measurement.

Example:

- Ankle circumference: 20 cm (7.8")
- Sock width: 9 cm (3.1")
- $20 \text{ cm} - 9 \text{ cm} = 11 \text{ cm}$ (or $7.8'' - 3.1'' = 4.7''$)
- $11 \text{ cm} \div 2 = 5.5 \text{ cm}$ (or $4.7'' \div 2 = 2.35''$)

So, I made a chain of 12 stitches, which equals 5.5 cm (2.1").

R1: After crocheting and measuring your chain, chain 1, turn, and single crochet (sc) into every stitch starting from the second chain from the hook. Continue single crocheting across the sock as well.

To add a chain extension on the opposite side, use single crochet chainless foundation stitches. Make sure the number of stitches matches the chain on the first side.

Here's a video tutorial to help you with chainless foundation stitches:

<https://www.instagram.com/reel/DBYee2HOdKt/?igsh=MXZqMXozYWc3OGYxYg==>

R2 - R12: ch 1, turn, (skip 1 stitch, sc, ch 1) until the end of the row.

Note: You can adjust the sock length by adding or removing rows as needed to fit your foot comfortably.

ASSEMBLY

Using slip stitches (sl st), join both sides of the ankle piece, following the red line shown in the next pictures.

Next, slip stitch (sl st) both sides of the heel

Then, use slip stitches to join both sides of the toe piece, and also join the sole and insole together.

Slip stitch the heel and ankle areas together to complete the sock.

Weave in any loose ends and flip your project inside out so the right side is facing out.

RUFFLES

R1: With mohair yarn, make a single crochet (sc) border around the entire opening of the sock.

R2: ch 3 and dc 5 stitches into each single crochet from the previous row. Sl st to join the round.

Enjoy!
