PATTERN INFORMATION

This scarf is a great way to confess your feelings through the art of crochet. The scarf is made using two colors to "write" your message in mosaic technique. It is designed so that the wrong side remains clean, unlike traditional mosaic overlay: you will see the letters on both sides of the piece. The pattern comes with written instructions as well as charts.

INFO AND TIPS

1. This scarf is crocheted row by row from right to left along its long side, keeping the work right side facing you.
2. At the beginning of each row, make a slip knot, leaving a long tail – about 10 cm (4 inches).
3. Finish each row by cutting the yarn and fastening off, also leaving a long tail.

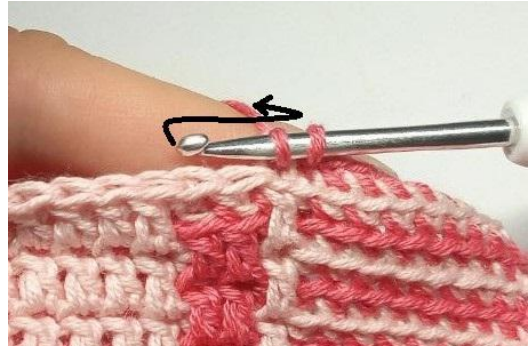

Tip: *at the end of the row, you can make the tail longer. If you make a mistake and crochet a single crochet instead of a double crochet, and realize it later, you may need a little more yarn to redo that row. A longer tail will help you do this without having to join new yarn in the middle of the row.*

4. The starting chain, the first row, and all odd-numbered rows should be crocheted with the light yarn. All even-numbered rows should be crocheted with the dark yarn.
5. Crochet the first and last three stitches of each row slightly tighter than the others. This will help avoid a wavy edge.
6. The stitches marked on the chart and in the written instructions as **F** are double crochets made in the **FLO** (front loop only) of the stitch two rows below **in front** of the work. After completing this stitch, you need to skip the corresponding stitch from the previous row.
7. The stitches marked on the chart and in the written instructions as **B** are linked double crochets made in the **BLO** (back loop only) of the stitch two rows below, **behind** the work. To make this stitch, insert the hook into the **BLO** of the corresponding stitch from the previous row, grab the yarn*, and pull up a loop. Then, insert the hook into the **BLO** of the corresponding stitch two rows below, grab the yarn*, and pull up a loop. Finish the stitch with (yarn under*, pull through 2 loops) x2.

* *Making this stitch, I recommend using 'yarn under' instead of 'yarn over,' where the yarn is pulled from underneath the hook, as shown in the pictures below.*

8. For all single crochet stitches starting from row 2, work in the back loop only throughout the project.

Tip: *When you work only from right to left, without turning the work back and forth, the fabric will tilt to the right—about half a stitch per row. To balance this, I recommend using the 'yarn under' method instead of the 'yarn over.'* This way, you create a twisted stitch that tilts to the left, rather than to the right. I recommend alternating this: in odd-numbered rows with the light color, make single crochets using the yarn over method, and in even-numbered rows, use yarn under instead. Just try this on a small swatch you'll use for gauge to see how it works for you!

9. Once the scarf is finished, you will have 32 tails of yarn on each side. Divide them into groups of 4 tails and tie them in a knot close to the base of the scarf (pic below). Trim the excess yarn so that the fringe is of even length.

10. Wash, lay flat to dry.

PATTERN

Below are the full written instructions, which are sufficient to crochet the entire scarf. If you prefer to follow the charts for a more visual process, use the diagrams below. They should be read the same way you crochet: from right to left.

The letters are placed as you go: from the end of the phrase to the beginning.

The far-right column contains numbers that indicate the row count and the color to be used for that entire row. This column does not indicate any specific stitches.

Remember that you do not change colors within a row, and you focus only on the letters: F or B, which represent double crochet stitches worked in front or behind the work, and empty cells, which represent single crochet stitches in BLO.

At the beginning and end of the work, as well as between words, there should be larger spaces between the letters. On the diagram, this is marked with a red x4, which means you

need to repeat those two stitches 4 times (i.e., crochet 8 single crochets in BLO) in the marked places.

Crochet all the letters to complete one row from start to finish, then move on to the next row, starting at the beginning.

The starting chain is not shown in the diagrams.

Start crocheting with ch387.

Row 1: Work in the back bump. 387 sc.

Each row will consist of a total of 387 stitches.
