LEGS

To create the legs, start by dividing the stitches. Mark 4 stitches in the centre to create space between the legs (2 stitches at the front centre and 2 at the back centre). Then, mark 14 stitches for each leg using stitch markers will help keep these sections clear. For the first leg, join the marked stitch for the leg on the back to the marked stitch in the front by working a single crochet stitch, this will be the first stitch of the leg. Now that you have joined the stitches of the first leg in a round, continue crocheting the first leg as follows:

R46-R47: sc all (14)

R48: (5 sc, dec)x 2 times (12)

R49: (dec)x 6 times (6)

Fasten off and leave a long tail for sewing. Close the remaining hole with a yarn needle by weaving the yarn tail through each remaining stitch and pulling tight to close. Weave the yarn end. Stuff the body and leg with filling.

For the second leg, rejoin the yarn in the fifth unworked stitch at the back. This is where we start the first stitch of the second leg. Leave a long starting yarn tail.

R46-R47: sc all (14)

R48: (5 sc, dec)x 2 times (12)

R49: (dec)x 6 times (6)

Stuff the second leg with filling and close the remaining hole using the same method as with the first leg. Finally, use the starting yarn tail from the second leg to sew the 4 central stitches between the legs closed, completing the body.
