INFO AND TIPS

- You can modify the length of the garment or the sleeves by repeating from rows (7, 7, 9) (9, 13, 13) to rows (14, 14, 16) (16, 20, 20).
- The turning chains always count as a stitch.
- The main pattern always has the same number of stitches as in the starting chain of the panels.
- Check the stitches on row (10, 10, 12) (12, 16, 16) and on row (14, 14, 16) (16, 20, 20).

How to work hdc (blo):

Work hdc only on the back loop as shown in the photos. The first photo indicates the loop that needs to be worked on.

How to work puff + 1 ch + puff:

Make 3 unfinished hdc in the same stitch and close all together, ch to close the stitch, another separating chain and again 3 unfinished hdc in the same stitch and close all together and ch to close the stitch.

How to work 3 tr shell

Make a double yarn over, insert the hook and yarn out two rings at a time, so you have the first treble crochet, make 2 more tr in the same stitch.

How to work 1dc between puffs

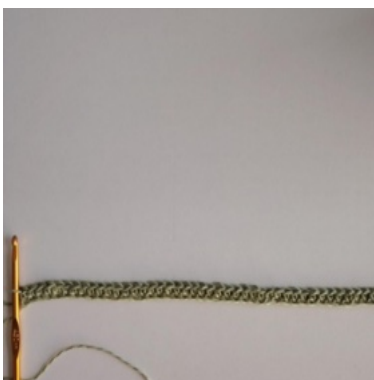

Work in the hole shown in the photos.
