NECKLINE

Chain 120 stitches, making sure the chain is not twisted. Join with a slip stitch (sl st) to form a ring. Ensure the chain is loose enough to sit comfortably around the neck. Feel free to adjust the size.

R1: ch 1, hdc in each stitch around. Sl st to join the round. (120)

BODY

Now, create the vertical mesh pattern by crocheting a long chain. The length of this chain determines the capelet's final length. (Must be a multiple of 24)

Example: If you want a short capelet crochet 96 ch. This short cape will measure around 30 cm / 11.75" in length.
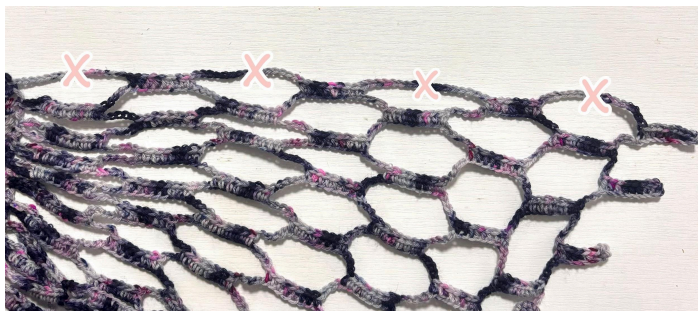

R1: ch 1, start crocheting from the 2nd ch from the hook. (hdc 8, ch 16, skip 16 sts) x 4 times. Once back at the neckline, sl st into the next 2 neckline stitches to attach the row. (96)
Now turn your work and continue with row 2.

R2: ch 4, skip 4 sts, (hdc 8, ch 16, skip 16 sts) x 3 times, hdc 8, ch 12, skip 12 sts. (96)
Continue repeating Rows 1 and 2 until you work all the way around the neckline and return to the first row.

FINISHING THE CAPELET

Once you've worked all the way around the neckline and completed your last row, it's time to close the capelet. Fasten off and weave in any loose ends. To join the first and last row, reattach your yarn at four different points where the mesh sections align.
At each joining point: skip 4 chains in the 16-ch spaces of both the first and last row. Sl st 8 stitches together (matching the stitches from both rows). Cut the yarn and weave in the ends.

Extra tip: If you want to add a unique touch, try adding beads to the bottom fringes! The extra weight will slightly change the drape of the capelet, giving it a beautiful structure.

Enjoy!
